<sup>†</sup> The FDA advises that eating raw or undercooked meat, poultry, eggs or seafood poses a health risk to everyone, especially the elderly, young children under age 4, pregnant women and other highly susceptible individuals with compromised immune systems. Thorough cooking of such animal foods reduces the risk of illness.

Other premium meat labels may say Angus, but that's where the similarities end. The difference is in the flavor. And that's where the Certified Angus Beef® brand sets the bar. Beef must pass 10 stringent quality specifications to earn the brand's premium mark, ensuring you always enjoy flavorful, tender, juicy cuts of beef.
